

FOI 0112/2021 Response

Request

1. Please name all mental health wards you are operating. For each ward, please state whether they are low/medium/high secure and to which kind of ward it belongs to out of the following:
 - a. Child and Adolescent Mental Health Wards
 - b. Adult Mental Health Wards
 - c. Learning Disabilities Wards
 - d. Older People's Mental Health Wards
2. For each of the identified wards, please state if they have secure outdoor spaces that patients can access and use. To clarify outdoor spaces, I am referring to any outdoor area belonging to ward that can be accessed by its patients. This includes gardens, courtyards, or any other similar space.
3. If such spaces exist, please provide guidelines that specify the use of secure outdoor spaces. If no guidelines exist, please provide answers to the following questions:
 - a. Can the secure outdoor spaces be used by all patients?
 - b. How many patients can be in these spaces at the same time?
 - c. Can all patients freely access these spaces whenever they want or need to?
4. For each of such spaces, please state its size in square meters.
5. If possible, could you also provide the makeup of the outdoor space. This refers to whether the space is concrete or has grassy areas. Please detail which of the two makes up the majority of the outdoor space.
6. Please state if there have been any changes to the use of secure outdoor spaces because of the Covid-19 pandemic.
