

FOI 0115/2021 Response

Request

Under FOIA I would like to request copies of your policies and procedures on data rights. I am particularly interested in your policy and procedures on rights to access and right to object to processing.

Response

Please find attached the Trust's Access to Information Policy which outlines the protocols for subject data rights, and note that an exemption Section 40 of the Freedom of Information Act 2000 has been applied. This therefore means that personal information such as the policy lead's name and executive sign off signature have been removed.

Please note that we do not have a separate policy in relation to data subjects right to object to processing however, this is covered within the Access to Information Policy and Privacy Notice which can be found in the link provided below.

For further information on accessing data, please refer to the following links:
