

FOI 0228/2021 Request

***Please note:

By "restricted patients", I am referring to patients who are subject to special controls by the Justice Secretary due to the level of risk they pose to either themselves or others. This often regards patients with a history of violent behaviour, which we are especially interested in. "Unrestricted patients" are patients with no special controls.

Data to be provided for the past 50 years.

1. What is the average length of stay for restricted patients in your medium-secure facilities?

Please see the table below and note the following:

- The data has been provided up to 15th December 2021.
- The data provided is in relation to the Trust's adult and CAMHS medium secure services.
- The Trust can only provide data from 1995, as this is the time period from where the data starts from for the average length of stay for restricted patients within the Trust's medium-secure facilities.

Discharge Year	Discharges	Average Length of stay (Days)
1995	1	965.0
1996	8	158.6
1997	3	1100.7
1998	4	521.5
1999	6	320.8
2000	5	1038.6
2001	17	719.5
2002	9	757.2
2003	10	475.9
2004	12	398.3
2005	9	665.4
2006	12	582.2
2007	14	511.5
2008	21	590.1
2009	23	1095.5
2010	19	706.9
2011	37	710.6
2012	53	668.7
2013	73	536.8
2014	83	469.6
2015	90	609.5
2016	85	607.9
2017	69	701.1
2018	77	764.1
2019	82	570.5
2020	80	711.2
2021	82	581.3

2. What is the average length of stay for unrestricted patients in your medium-secure facilities?

Please see the table below and note the following:

- The data has been provided up to 15th December 2021.
- The data provided is in relation to the Trust's adult and CAMHS medium secure services.
- The Trust can only provide data from 1995, as this is the time period from where the data starts from for the average length of stay for unrestricted patients within the Trust's medium-secure facilities.

Discharge Year	Discharges	Average Length of stay (Days)
1995	56	183.6
1996	118	185.0
1997	99	288.2
1998	82	280.8
1999	107	205.7
2000	114	371.6
2001	86	255.3
2002	78	272.0
2003	76	406.3
2004	93	268.6
2005	78	405.0
2006	106	371.2
2007	67	403.1
2008	71	466.8
2009	70	465.6
2010	69	419.4
2011	58	339.8
2012	36	259.1
2013	49	263.0
2014	38	331.3
2015	43	254.9
2016	40	303.9
2017	45	418.2
2018	40	297.1
2019	34	559.3
2020	32	715.9
2021	30	526.0

3. Of the restricted patients discharged from your medium-secure units, how many patients were transferred;
- a) to lower secure psychiatric hospitals
 - b) to the community
 - c) back to prison (for transferred prisoners)?

Please the table below and note the following:

- The data has been provided up to 15th December 2021.
- The data provided is in relation to the Trust's adult and CAMHS medium secure services.
- The Trust can only provide data from 1995, as this is the time period from where the data starts from for the number of restricted patients transferred to the listed facilities.

Discharge Year	Transfer To Low Secure	Transfer To Community	Transfer to Prison	Other
1995		1		
1996		8		
1997		3		
1998		4		
1999		4	1	1
2000		4		1
2001	4	9		4
2002	3	4		2
2003	4	6		
2004	1	10		1
2005	1	7		1
2006	1	8		3
2007	1	11		2
2008	2	14		5
2009	1	16		6
2010	2	13		4
2011	2	22	2	11
2012	1	31	9	12
2013	1	40	17	15
2014	3	41	21	18
2015	4	49	16	21
2016	2	47	25	11
2017	1	43	18	7
2018	3	43	22	9
2019	2	52	20	8
2020	12	41	17	10
2021	2	45	22	13
