

FOI 0274/2022 Response

Please can you provide me within the 20 days, what percentage of your workforce needs to be vaccinated with the Covid 19 vaccines and boosters for you to gain financial incentive.

Could you please inform me if you get financial incentive for each person vaccinated or whether this needs to be a certain percentage and how much the financial gain is for each.

BSMHFT will not receive any financial incentive or payment for vaccinating employees.
