

FOI 0325/2022 Response

Specifically, can you tell me how many commercial clinical trials have been taking place in this hospital trust during 2021?

This could be completed trials, or trials that are ongoing. When I say “commercial trials”, I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

The Trust can confirm that there has been a total of two (2) commercial studies running in line with the parameters as outlined in the request during 2021.
