

FOI087 Response

Request

Original request:

To BSMHFT,

I have copied you into a request sent to Solihull. They advised me to send this to you. I would be grateful if we could have clarity on the type of service CWPT provides for adults with LD and autism within Solihull please.

Clarification:

Could Birmingham and Solihull Mental Health Trust clarify

- If the Trust provide services for adults with learning disabilities and autism in Solihull (CLDT)
- If those services are an informal arrangement or a prime contract or a prime provider contract from BSOLCCG
- Clarification on the Trust role with CWPT in the management of services for adults with learning disabilities and autism in Solihull.

Response

- **If the Trust provide services for adults with learning disabilities and autism in Solihull (CLDT)**

The Trust does not provide any specific services in Solihull for adult patients with learning disabilities or Autism.

The Trust may have adult patients with comorbidities (eg, primary mental health, secondary Learning disabilities or Autism), however there is no explicit services provided in Solihull by the Trust for learning difficulties or Autism.

- **If those services are an informal arrangement or a prime contract or a prime provider contract from BSOLCCG**

Not applicable please see response above.

- **Clarification on the Trust role with CWPT in the management of services for adults with learning disabilities and autism in Solihull.**

Please note the following,

- The Trust does not offer a specific service in Solihull for adult patients with learning disabilities or Autism.
- The Trust does not have a contract with Coventry and Warwickshire Partnership Trust (CWPT) for the provision of mental health services and for services for adults with Learning difficulties or Autism in Solihull.
