

FOI106 Response

Request

Under the Freedom of Information (FOI) Act 2000 I would like to request the below information:

- Full structure chart for the IT Department, the Informatics Department, the IMT Department and the IM&T Department
- Names of managers within the above departments

Response

- **Full structure chart for the IT Department, the Informatics Department, the IMT Department and the IM&T Department**

Please see attachment titled "Trust ICT Team Structure" and "Trust Information Team Structure" which cover the departments requested.

- **Names of managers within the above departments**

The Trust will not be identifying the managers within the ICT and Information Team, this is because the information pertains to personal information. With this in mind, note that an exemption, Section 40 has been applied.
