Question

1. What is the agreed lifecycle of Laptops in the Trust from the date of purchase? E.g. 3 years or 5 years

2. When Laptops come to the end of their lifecycle, please can you provide a summary of the decommissioning process for the Laptops?

3. What make and models of Laptops are currently in live use within the Trust?

4. What make and models of Laptops were in use within the Trust over the last 12 months but have now been decommissioned?

4. Are Laptops collected by a 3rd party hardware recycling/refurbishing company?

If yes:

4a. What is the name of the company?

4b. What is the cost paid by the 3rd party company to the Trust per Laptop? Please provide a split per make and model of the Laptop where possible. This information is only required for models which have been phased out over the last 12 months.

Answer

6 Years

Laptops are Identified, Replaced with new model, Old equipment removed from asset register. Equipment is caged ready for collection. Recycling company collect notified of equipment ready for collection. Equipment collected and a certificate is received listing recycled equipment.
