

FOI 003/2023 Response

Request

A) Do you use screening before referring children to be assessed for ADHD.

Definition being as per NHS:

- Screening: a triage process, using standardised tools and/or agreed processes and carried out by experienced Liaison and Diversion practitioners.
- Assessment including specialist assessment: carried out by someone with a specific professional mandate, i.e. with requisite professional skills.

A2) If yes, when did you introduce screening?

A3) For the years 2020,2021 and 2022 please provide the following broken down by calendar year.

- i) Number of individuals who received screening.
- ii) Number of individuals who were then referred for assessment.

Definition being as per NHS:

- Screening: a triage process, using standardised tools and/or agreed processes and carried out by experienced Liaison and Diversion practitioners.
- Assessment including specialist assessment: carried out by someone with a specific professional mandate, i.e. with requisite professional skills.

B2) If yes what year did you introduce screening.

B3)For the years 2020,2021 and 2022 please provide the following broken down by calendar year.

- i i) Number of individuals who received screening.
- ii) Number of individuals who were then referred for assessment.

Response

The Trust is unable to provide a response to your query.

This is because the Trust do not capture the requested information in a reportable way and we do not have a mechanism to record ADHD as a reason for screening.
