

FOI 0147/2022 Response

Request

I would like to request the following:

Details of Mental Health services procured from independent providers

Details of Mental Health Services with independent providers, procured or otherwise

Details of these contracts including, but not limited to; duration, value of contract, scope of work, deliverables (eg number of therapy sessions or ADHD assessments provided.

This is to include the names of the service providers as well.

Clarification: Requester has confirmed that they would like to know the types of services procured

- name of provider

- how the contract was agreed (eg open tender, private procurement etc)

- value of the contract (what you are paying the provider)

- length of contract (eg 12 months, 18 months)

- deliverables (what are they providing? eg, 20 ADHD assessments, 200 hours of CBT)

- date contract started (from Jan 1st 2020 onwards - you do not need to go through the records before this)

by “Details of Mental Health Services with independent providers, procured or otherwise”? I mean any contract with a private company, regardless of if they won it via tender, through direct procurement, or other ways that I may not be familiar with.
