

FOI0197/2022 Response

- 1. Please can you provide, by each hospital within your Trust, which EPR system provider is used across the hospital?**

All hospitals within BSMHFT use the same EPR which is Rio, provided by Access Group.

- 2. Which patient management system provider is used to track patient records, progress notes and outcome measures, for the Adult IAPT service?**

BSMHFT uses IAPTUS (supplied by Mayden)

- 3. Which patient management system provider is used to track patient records, progress notes and outcome measures, for the Children and Young people's (CYP) IAPT service?**

The Trusts CYP IAPT service uses Rio.
