

FOI 0210/2022 Response

Request

Regarding question 4, please can you provide an average figure? (Follow up to FOI 0167/2022 Response)

I just want to clarify that the figures provided for q1-2 are accurate. ? (Follow up to FOI 0167/2022 Response)

Response

The Trust can confirm that the full response provided for FOI 0167/2022 is accurate.

The Trust is unable to provide an average cost per year of detaining a patient under s3 of the MHA. This is because we do not have the data broken down to identify costs based on which section a patient is detained under.
