

FOI 0257/2023 Response

Request

Follow up to FOI 0230/2022: I am not satisfied with this response: "This is because the Trust is not explicitly commissioned to provide Autism services."

I suspect the ICO would agree with me that this is using language to get out of your duty. Is someone else commissioned to provide these services? If so, please be helpful and let me know who I should ask. If the services are not commissioned at all, please say this.

Response

Please note that we are unable to provide a response to you as we do not have responsibility to commission services for children and young people.

We therefore advise that Birmingham and Solihull Integrated Care Board (ICB), Solihull Metropolitan Borough Council (SMBC) and Birmingham Council are approached to obtain the requested information for children and young people in receipt of CAMHS services in the Solihull and Birmingham area. These are the organisations that commission these services.
