

FOI 0270/2023 Response

Request

I am writing to ask if the Trust collects data on people treated for obsessive compulsive disorder (OCD)? I want to know if the Trust collects data that explicitly specifies OCD as the condition being treated.

Clarification: I just wish to know if the Trust collects data that identifies how many patients, they treat each year for OCD in primary and secondary care?

Response

Yes, the Trust collects data that identifies how many patients they treat each year for OCD.
