

Dear FOI Team,

I am writing to make an open government request for all the information to which I am entitled under the FOI Act 2000.

Please enter 'No System Installed' or 'No Department' under supplier name if your trust does not use the system or have the department:

System definitions:

Clinical decision support in e-prescribing - within, or in conjunction with, its e-prescribing systems, Clinical Decision Support (CDS) assists prescribing clinicians in safely identifying suitable medicines, doses and titrations, for individual patients.

Observations - vital signs - a system for electronic recording at the bedside of patient vital sign data, together with a mechanism to include in the patient's electronic record.

Oncology e-prescribing - module or functionality that supports electronic chemotherapy prescribing, medication administration and dispensing activities.

Diagnostic imaging - electronic medical imaging systems providing the core capabilities to manage diagnostic images and associated reports.

System type – Clinical decision support in e-prescribing
