

FOI 042/2023 Response

Request

Dear Birmingham and Solihull Mental Health NHS Foundation Trust,

1. Do any patients at your Trust's adult eating disorder service have 'Advance Decisions/Directives to refuse medical treatment' (ADRTs) recorded on their electronic records? (It is NHS policy that all ADRTs must be recorded on patients electronic records).
2. How many adult eating disorder patients ADRTs have 'Advance Decisions/Directives to refuse medical treatment' (ADRTs) currently recorded on their electronic records?

Response

The Trust do not explicitly have statements of 'Advance Decisions/Directives to refuse medical treatment' (ADRTs).

However, there is a generic advanced statement form on our patient administration system – Rio that is offer to all new admissions.

Please note that the afore mentioned forms are not statements to refuse medical treatment.

The return for this request is NIL (0).
