

FOI 084/2022

For the Op Courage service you run could you tell me the following please:

***Clarification request is explicitly in relation to the Veterans Mental Health Service and would like current data for the queries below.

1. How many people are in your system having or requiring treatment?
2. How many people are receiving treatment?
3. Of those receiving treatment how many are being treated by a dedicated Op Courage service (TILS/CTS)?
4. How many are being treated elsewhere, such as local MH teams?
5. What is the average waiting time before someone receives treatment.

| | RESULT | Clarifications |
|---|--------|--|
| 1 How many people are in your system having or requiring treatment? | 114 | <i>This is the number of service users with open referrals.</i> |
| 2 How many people are receiving treatment? | 99 | <i>This is the number of service users with open referrals that have at least one attended contact.</i> |
| 3 Of those receiving treatment how many are being treated by a dedicated Op Courage service (TILS/CTS)? | 99 | <i>We have provided the same figure as per Q2 as our Veterans Service has both a CTS and a High Intensity Support Team.</i> |
| 4 How many are being treated elsewhere, such as local MH teams? | 6 | <i>This is the number of service users open to our Veterans Service who also have open referrals elsewhere in our Community Teams.</i> |
| 5 What is the average waiting time before someone receives treatment? | 29 | <i>For open referrals, this is the mean number of days from referral to first attended contact date for completed waits.</i> |
