

**FOI 0419/2024 Response**

The number of beds available for Acute beds, for treatment of bipolar condition between 12pm Thursday 14th Dec and 1am Saturday 16 Dec 2023.

**Notes:**

The Trust do not have beds specifically for Bipolar Disorder, the response has therefore been provided on the understanding that an individual with Bipolar could be admitted to any of these beds based on waits and clinical prioritisation.

This data is based on snapshots taken at midnight on each day, as such we cannot account for the specific times on the dates requested.

PICU beds are a specific type of acute bed. These have been provided separately in case the requester wants to include/exclude them.
