

FOI 0197_2024 Response

Request

The information I am requesting may or may not come under 're-useable data' and so this request for information incorporates the request to re-use this data internally within Ylem Energy.

I am requesting the following information about CHP (combined Heat and Power) - A CHP unit is a gas engine used to create heat and power. It will form part of the Plant on site:

1. Name, number or department email address for those responsible for the management of the CHP units in hospitals and other buildings across the Trust jurisdiction.
2. Number of CHP units 'on sites (regardless of operational or otherwise) across the jurisdiction, and which site they are at.
3. Engine size of all the CHP units, (eg 150kw) (this can be found on service documentation or a panel on the front of the unit housing itself)
4. Contract End Date/s and current service providers

Response

We have no CHP units on any of our sites.
