

FOI 0339 2024 Response

Request

I am undertaking a project looking at health inequalities in patients with Waldenström macroglobulinaemia with a company called Health Equity AI. As part of this research, we are looking to collect data on which trusts/ICBs employ haematology CNS' that are involved in the treatment and care of patients with WM.

Please can you respond to this FOI request:

1. Do you employ a haematology CNS that is involved in the treatment of patients with Waldenström macroglobulinaemia?

Response

Please note that Birmingham and Solihull Mental Health Foundation Trust explicitly provide mental health services and do not provide physical healthcare like an Acute Trust.

Your request for information is therefore not applicable to the Trust.
