

FOI 0392 2024 Response

Request

Good afternoon

I was hoping to get the below information please-

Do you use off framework agency to supply staff?

How many hours have you used in the last 12 months?

Would you be willing to name the agencies you are using? If so can you please

What departments need the most support with agency staff?

Response

The Trust do not use off framework agencies.

However for June 2024, 15 shifts totalling 180hours were utilised via off framework agency Catalyst Group.

Please note that we cannot confirm which department needed the most support with agency staff as the use of agency staff is dependent on the Trust's need to fulfil a shift.
