

FOI 0397 2024 Response

1. For each month from Jan 2023-Nov 2024, what is the average waiting time from referral to first appointment for the adult adhd service?

**\*NOTE: Data is for assessments completed in month**

| AssessmentMonth | Avg Assessment Wait (weeks) |
|-----------------|-----------------------------|
| 31/01/2023      | 71                          |
| 28/02/2023      | 62                          |
| 31/03/2023      | 71                          |
| 30/04/2023      | 73                          |
| 31/05/2023      | 76                          |
| 30/06/2023      | 75                          |
| 31/07/2023      | 76                          |
| 31/08/2023      | 83                          |
| 30/09/2023      | 79                          |
| 31/10/2023      | 78                          |
| 30/11/2023      | 90                          |
| 31/12/2023      | 88                          |
| 31/01/2024      | 87                          |
| 29/02/2024      | 82                          |
| 31/03/2024      | 70                          |
| 30/04/2024      | 80                          |
| 31/05/2024      | 79                          |
| 30/06/2024      | 75                          |
| 31/07/2024      | 94                          |
| 31/08/2024      | 84                          |
| 30/09/2024      | 92                          |
| 31/10/2024      | 99                          |
| 30/11/2024      | 99                          |

2. For each month from Jan 2023-Nov 2024, how many first appointments for the adult adhd service lead to a diagnosis, and how many didn't, broken up by sex.

**\*\*NOTE: Reporting month relates to the month the diagnosis decision was made, so sum will not total monthly assessments from Q1**

| Month      | Rejected in month | Diagnosed in month |
|------------|-------------------|--------------------|
| 31/01/2023 | 31                | 21                 |
| Female     | 19                | 12                 |
| Male       | 12                | 9                  |
| 28/02/2023 | 29                | 27                 |
| Female     | 19                | 15                 |
| Male       | 10                | 12                 |
| 31/03/2023 | 41                | 42                 |
| Female     | 22                | 16                 |
| Male       | 19                | 26                 |
| 30/04/2023 | 38                | 42                 |
| Female     | 21                | 19                 |
| Male       | 17                | 23                 |
| 31/05/2023 | 34                | 36                 |
| Female     | 23                | 16                 |
| Male       | 11                | 20                 |
| 30/06/2023 | 45                | 16                 |
| Female     | 30                | 7                  |
| Male       | 15                | 9                  |
| 31/07/2023 | 44                | 36                 |
| Female     | 30                | 20                 |
| Male       | 14                | 16                 |
| 31/08/2023 | 42                | 20                 |
| Female     | 27                | 8                  |
| Male       | 15                | 12                 |
| 30/09/2023 | 34                | 17                 |
| Female     | 23                | 11                 |
| Male       | 11                | 6                  |
| 31/10/2023 | 48                | 19                 |
| Female     | 34                | 5                  |
| Male       | 14                | 14                 |
| 30/11/2023 | 52                | 21                 |
| Female     | 24                | 11                 |
| Male       | 28                | 10                 |
