

FOI 0399 2024 Response

The ICB has received the below FOI request which appears to relate to the Memory Assessment Service. If you can answer any of the questions below it would be greatly appreciated.

Regarding ADHD and ASD are you able to indicate who would be able to answer this section.

Memory Assessments

1. Do you deliver or partner with private companies to help deliver memory assessments?

No

2. What is the current split of assessments that are completed virtually vs in person?

All in person

3. Which private providers are you currently working with for FY 24/5

Alzheimer's society Connect service for post diagnostic support and waiting well groups

4. Which private providers did you work with FY 23/4

Alzheimer's society Connect service for post diagnostic

5. What was the spend on Memory assessments in FY23/4?

The Trust is unable to provide a response to your query.

This is because Memory assessments are completed at different parts of the pathway and cost for a memory assessment will vary depending on the level of testing and intervention required.

we are therefore unable to accurately provide the spend on memory assessments.

6. What was the spend on Memory assessments FY22/3?

The Trust is unable to provide a response to your query.

This is because memory assessments are completed at different parts of the pathway and cost for a memory assessment will vary depending on the level of testing and intervention required.

we are therefore unable to accurately provide the spend on memory assessments.

7. ADHD - where you use private partners, what is your average cost per patient for (a) assessment (b) titration (c) annual review and shared care?

The Trust do not use private partners.

8. ASD - where you use private partners, what is your average cost per patient for an assessment?

The Trust do not use private partners.

9. What was the spend on Memory assessments FY22/3?

The Trust is unable to provide a response to your query.

This is because memory assessments are completed at different parts of the pathway and cost for a memory assessment will vary depending on the level of testing and intervention required.

we are therefore unable to accurately provide the spend on memory assessments.

10. What is the price for an individual assessment?

The Trust is unable to provide a response to your query.

This is because memory assessments are completed at different parts of the pathway and cost for a memory assessment will vary depending on the level of testing and intervention required.

we are therefore unable to accurately provide the spend on memory assessments.
