

FOI 0414_2024 Response

Dear Birmingham and Solihull Mental Health NHS Foundation Trust,

I'm aware the Trust has various contracts in place for Web Filtering and Security Awareness Training.

Clarification: In regard to Security Awareness Training. Does the Trust use a software to keep staff up to date on the latest cyber security threats? If so what software is used and when is this due for renewal.

Can you please confirm the following.

- 1. What current web filter is in place and when this contract is due to expire?**

Sophos UTM August 2028

- 2. What current security awareness training is in place and when this contract is due to expire?**

The Trust currently uses NHS England IG training e-learning and in-house cybersecurity awareness . There is no contract associated with these training.

- 3. Lastly, can you please confirm what reseller the trust used to purchase their web filter and security awareness training technologies?**

Bytes and MetaCompliance training – 2028
