Request

***Internal review to FOI 0407/2024

Please find the questions below that I asked.

The missing information is highlighted in yellow; you can see that I am not asking for any individuals to be identified other than myself. I understood that this would be dealt with via a GDPR and Data Protection request and I have attached the associated correspondence to verify, but I had assumed that the information would be completed and returned to you to include in the final return. Let me know if this is not the case so that I can pick it up.
