

**FOI 0460 2025 Response**

**1. How many adults were referred to your mental health service in the following years:**

<b>Year</b>	<b>Referrals</b>	<b>Treated</b>
2014	42522	61844
2015	44631	66558
2016	46069	67789
2017	43886	65120
2018	47442	69150
2019	49017	70897
2020	40989	65633
2021	46937	67455
2022	49351	70374
2023	56278	79606
2024	57743	81964

**\*\*Note:**

- Referrals figures are patients without an existing referral at the point of referral
- Treatment figures include patients whose treatment spans multiple years, therefore will be larger than those newly referred each year.
- Patients whose treatment spans multiple years will be counted in every year they received treatment.

**2. How many adults were treated at your mental health service in the following years:**

Please refer to the table in question 1.

**3. How many adults treated at your service ended their own lives in the following years:**  
**2014**

<b>Year</b>	<b>Confirmed Suicides</b>
2014	24
2015	26
2016	29
2017	17
2018	30
2019	34
2020	30

2021	20
2022	24
2023	27
2024	22

**\*\*Note:**

- The table lists the number of confirmed suicides by a patient between January 2014 – December 2024, where the patient was on the caseload of a community or in-patient team.
- Confirmed suicides are determined by the Coroner at Inquest, with 10 incidents yet to be graded.
