Sycamore Ward

Welcome Pack

What are we?

Sycamore has 8 Bedrooms in total, We are called an ICU ward, this is where Service Users often start their Journey with us. Tamarind also has several other different wards including acute and rehab wards. This leaflet is designed to provide general information about the ward. Please speak to one of the Nursing Staff if there is anything you are unsure of.

Clinical Team

Whilst on the ward you have a clinical team made up of a Consultant psychiatrist (Known sometimes as an RC—Responsible Clinician), Team Doctors, Psychologist, Occupational Therapist, Pharmacist, Advanced Nurse Practitioner, Activity Worker, Qualified Mental Health Nurses and Health Care Assistants, you may also see other professionals from time to time.

Every Monday at 1pm onwards there is a CTM (Clinical Team Meeting) where you can speak to your whole team and make any requests.

Every Thursday at 2pm there is the a “Mutual Help Meeting” which is your opportunity to discuss how things are going on the ward and any suggestions you have.

Psychology Groups

Coffee and Culture

Every Monday at 11am we all meet for a catch-up with coffee (or tea!). It is a space where we can talk about our week, what is going on around the ward and hospital, and in the wider world.

Each week we focus on a different country or culture from around the world. We learn different facts about the country, share our own knowledge and experiences and have a fun quiz at the end.

Psychological Well-being Group

Every Wednesday at 2Pm we hold a group which focuses on psychological well-being.

Each week we have a different activity that promotes all types of well-being (physical, emotional, mental). Here is just a small selection of what we do:

Origami

???

Understanding emotions

Tai Chi

Meditation

My Life Story

Psychology

Who are we?

The current team consists of a qualified Clinical Psychologist (3 days per week) and an Assistant Psychologist (2.5 days per week)

What do we do?

We offer talking therapies which are designed to help people in coping with distressing thoughts, feelings and memories.

How will this help me?

Talking therapies are designed to help people in various ways. This might include:

- Managing strong and changeable emotions
- Reducing distress from past events
- Discussing unusual experiences
- Talking about court cases/ being in hospital
- Helping to manage risk

What do I need to do?

We offer our services to everyone on Sycamore. This might be individual sessions or group sessions (see next page), supporting your keyworker, speaking to you in the clinical team meeting.

We are often the ward, so if you ever want to meet or have something on your mind we can offer you time to talk.

Birmingham & Solihull Mental Health NHS Foundation Trust is a non smoking hospital.

To support those who previously smoked we offer a range of nicotine replacement therapies, please speak to staff about this.

You can also purchase E-Cigarettes from the Tamarind shop at £3.60 each. E-Cigs brought elsewhere are not permitted.

E-Cigarettes can be used at set times on the ward

An extra break will be given on weekends and bank holidays at 15:00

Other Things To Know

- Staff at times may search your bedroom or you may be asked to provide a urine sample for drug screen. Please do not be offended by this– this is done to ensure you, your fellow peers and staff are all kept safe
- You may hear alarms at times– please don't worry about these!
- The fire alarm is tested Wednesdays at Tamarind– please follow staff guidance in the event of a real fire alarm.
- You will be asked to fill out a menu sheet daily. Please do this otherwise staff may have to choose for you and you may not like their choice!
- You may spot the drug dog from time to time on the ward.
- Chaplaincy is available, they will often come onto the ward but you can request a specific visit from your chosen faith leader
- There is a narcotics anonymous group that runs weekly.
- Please be patient with staff, there has to be 3 staff at all times in the day area for your safety and the safety of others, you may be asked to wait until staff members return to the ward. We will try to complete tasks as soon as possible.
- After a period of time on Sycamore your clinical team may feel you are ready for an acute ward, a nurse may come over to see you from these wards to talk to you about moving forward.
- Finally, if unsure, worried or want to have a chat please don't hesitate to speak to the staff on the ward. They are here to help.
- There is a variety of groups run by the psychology team, some will be on the ward for everyone to join in, some groups run outside of the ward and your psychologist will discuss these with you they feel they could benefit you.

Keyworker

On arrival to the ward you will be allocated a key worker team, this is your named person on the ward. They will discuss things with you such as your care plan, any reports such as tribunal or managers hearing reports and go through your section rights with you. They are also there for a friendly chat to see how you are progressing.
