32 (The Zinnia Centre)	Adult Acute

2. Total number of patients who were ‘medically fit for discharge’ (MFFD) or no longer meet the criteria to reside as mentioned in the [latest NHS England data](#), but remained in hospital for seven days or longer between 1 January 2024 and 1 January 2025 because they had no recourse to public funds (NRPF) as highlighted [here](#). Please provide the information from all the hospitals under the trust or foundation.

Information not recorded

Note: As a mental health Trust, discharge delays are coded under national definitions of ‘Clinically Ready for Discharge’, with a stated reason ([MENTAL HEALTH CLINICALLY READY FOR DISCHARGE PERIOD DELAY REASON](#)) and attribution ([MENTAL HEALTH CLINICALLY READY FOR DISCHARGE PERIOD ATTRIBUTABLE TO INDICATION CODE](#)).

These reasons are not sufficiently detailed enough to cover patients with no recourse to public funds, or at risk of or experiencing homelessness, therefore Q2 cannot be answered

3. Total number of patients who were ‘medically fit for discharge’ (MFFD) or no longer meet the criteria to reside as mentioned in the latest [NHS England data](#), but remained in hospital for seven days or longer between 1 January 2024 and 1 January 2025 because of the lack of social care. Please provide the information from all the hospitals under the trust or foundation.

161 patients experienced a delay attributed solely to social care or jointly to NHS and social care.

4. Total number of patients who were ‘medically fit for discharge’ (MFFD) or no longer meet the criteria to reside as mentioned in the latest [NHS England data](#), but remained in the hospital for seven days or longer between 1 January 2024 and 1 January 2025 because they were at risk of or experiencing homelessness.

Information not recorded

Note: As a mental health Trust, discharge delays are coded under national definitions of ‘Clinically Ready for Discharge’, with a stated reason ([MENTAL HEALTH CLINICALLY READY FOR DISCHARGE PERIOD DELAY REASON](#)) and attribution ([MENTAL HEALTH CLINICALLY READY FOR DISCHARGE PERIOD ATTRIBUTABLE TO INDICATION CODE](#)).

These reasons are not sufficiently detailed enough to cover patients with no recourse to public funds or at risk of or experiencing homelessness, therefore Q4 cannot be answered

5. Total number of patients who were ‘medically fit for discharge’ (MFFD) or no longer meet the criteria to reside as mentioned in the latest [NHS England data](#), but remained in the hospital for seven days or longer between 1 January 2024 and 1 January 2025 because of any other reasons.
