

## **FOI 0527/2025 Response**

### **Request**

The Request has asked to access a copy of the Trust's policy regarding searching at CMHTS before an outpatient's appointment. They have been informed that there is a 'Building Policy' and would like a copy of this.

### **Response**

Please see attached policy which makes reference to searches and note that staff members names and signatures have been removed as we do not routinely share staff members information.

The Trust therefore rely on exemption Section of the Freedom of Information Act to deny this aspect of your request.
