FOI 0532_2025 Response

Request

We would like to place a Freedom of Information request, wishing to obtain an Install Base report for Monitoring systems within high acuity areas at your NHS hospitals. We are specifically looking for the following information:

Hospital Name: Postcode:

Department	OEM	Model	Installation date*	Number Installed	Number of Beds	Connected to EPR?	EPR Supplier?
Critical Care							
Theatres Monitoring							
Coronary Care							
Emergency Department							
Neonatal (NICU)							
Special care baby unit (SCBU)							

*Please provide year of installation, where various please provide <u>number installed within each specific year</u>

Additional Questions

- **How many anaesthetic rooms do you have in Theatres?**

- **How many theatre rooms do you have?**

- **Do you have a telemetry system for coronary care?**

- **How many telemetry systems do you have?**

System Definitions:

- High Acuity – A hospital that provides patients with acute care and closer monitoring e.g. critical care/intensive care.

- EPR – An electronic patient/health record is a digital version of a patient's paper chart.

- OEM – original equipment manufacturer e.g. Philips.

- Telemetry – A wireless monitoring solution which provides constant monitoring for mobile patients.

Response

Please note that Birmingham and Solihull Mental Health Foundation Trust explicitly provide mental health services and do not provide physical healthcare like an Acute Trust.

Your request for information is therefore not applicable to the Trust.
