

FOI 0549/2025 Response

Request

****Follow up to FOI 0463/2025**

Can I just ask - are the incident numbers reported in reference to hospital/trust-acquired incidents only, or do they include all pressure ulcer incidents (both trust-acquired and present on admission)?

Response

The Trust can confirm that the numbers reported in FOI 0463/2025 reference hospital/trust-acquired incidents only.
