

## **FOI 081/2025 Response**

### **Request**

I am currently leading a project within CNTW focused on the potential decommissioning of one of our seclusion rooms.

As part of this work, we are gathering national data on the use and prevalence of seclusion rooms.

I would be grateful if you could provide information on the number of seclusion rooms within your organisation, including the types of services or settings in which they are located.

Additionally it would be helpful to know the total number of inpatient wards you have.

### **Response**

There are six seclusion rooms in secure care and offender health division

For the total number of inpatients please see below:

<b>Ward Site</b>	<b>Ward Type(s)</b>	<b>No of Wards</b>	<b>No of Beds</b>
