

FOI 086 2025 Response

Request

Dear FOI Team,

Under the Freedom of Information Act 2000, I would be grateful if you could provide the following information:

1. Adherence to National Guidelines

Does your Trust currently follow any of the following national guidelines for the treatment and management of Overactive Bladder (OAB)? Please indicate "Yes" or "No" for each of the following:

- a) NICE Interventional Procedure Guidance on sacral nerve stimulation for urge incontinence and urgency-frequency (IPG64)
- b) NICE Clinical Guideline on Urinary Incontinence in Women (CG171)
- c) NICE Clinical Guideline on Lower Urinary Tract Symptoms in Men (CG97)
- d) Any NHS England-issued clinical guidelines related to OAB management

2. Locally Adopted Guidelines

For any of the above guidelines that your Trust follows, please provide the title, version number, and date of the current guidance or policy document in use.

3. Local Protocols or Deviations

If your Trust does not follow one or more of the national guidelines listed above, or has developed local clinical pathways or protocols for the management of OAB, please provide a copy of the relevant local policy or a summary of the key differences compared to national guidance.

Please provide this information in electronic format where possible.

Response

Please note that Birmingham and Solihull Mental Health Foundation Trust explicitly provide mental health services and do not provide physical healthcare like an Acute Trust.

Your request for information is therefore not applicable to the Trust.
