

FOI 0113/2025 Response

1. Standard Firewall (Network)

Firewall services that protect the organisation's network from unauthorised access and other internet security threats.

We cannot provide details around the Trusts Firewall. This is because disclosure of the requested information would expose the Trust's ICT security and leave our servers vulnerable.

However, we can confirm that we use firewalls and we renew the contracts for these services every 5 years.

2. Anti-virus Software Application

Programs designed to prevent, detect, and remove viruses, malware, trojans, adware, and related threats.

We cannot provide details around the Trust's Anti-Virus software. This is because disclosure of the requested information would expose the Trust's ICT security and leave our servers vulnerable.

However, we can confirm that we use Anti-Virus software and we renew the contracts for these services every 5 years.

3. Microsoft Enterprise Agreement

A volume licensing agreement that may include:

- Microsoft 365 (Office, Exchange, SharePoint, Teams)
- Windows Enterprise
- Enterprise Mobility + Security (EMS)
- Azure services (committed or pay-as-you-go)
