

FOI 0300/2025 Response

Request

I work for TEWV Mental Health Trust and carrying out a piece of work to clarify (if possible) how many Mental Health Trusts provide Children's respite care?

I cannot find anything on your website about this service.

I'm not sure if this is the correct route to make contact but would appreciate any information you can provide, please?

Response

Please note that Birmingham and Solihull Mental Health NHS Trust do not provide children's respite care.

However, we do provide Child and Adolescent Mental Health Services (CAMHS). For further information please see link below.
