

FOI 0283/2025 Response

Request

To whom this may concern,

I am currently undertaking a research project on Tier 4 inpatient admissions for autistic children. To support my work, I would be grateful if you could provide the number of admissions within the past 12 months from August 2024 to August 2025

Clarification: The request is explicitly in relation to admissions for autistic children seeking autistic inpatient support, and children suffering with autism who are seeking MH inpatient support.

Response

Of the 7 admissions to the Trust's Forensic CAMHS beds in the requested time period, 4 patients were indicated as being autistic.

Note: we are not commissioned for general Tier 4 CAMHS beds or specialist autistic inpatient services. We are only commissioned to provide Forensic Mental Health CAMHS inpatient services.
