

FOI 0419_2025 Response

Request

Thank you for your response. Unfortunately, in the initial request we specified that we were asking for information that was collectively disaggregated. I.e. broken down by multiple characteristics at once. As in, how many female Caribbean patients did you have that year, how many Asian women were restrained that year, etc. We require this information at least to the level of gender and ethnicity if you are unable to break it down further. Please let me know if that is possible or not.

****Note: The request is in relation to FOI 0380/2025 which consisted of the following questions

We are submitting a request under the Freedom of Information Act 2000 regarding admissions into mental health inpatient services, disaggregated by demographic characteristics.

1. For the financial year 2023/24, please give the total number of patients disaggregated collectively by disaggregated by gender, ethnicity, and religion or belief, disability status, and sexual orientation admitted into:

- a) CAMHS in-patient services*
- b) Adult mental health in-patient services

2. For the financial year 2023/24, and disaggregated by gender, ethnicity, and religion or belief, disability status, sexual orientation and restraint type, i.e. prone restraint (also known as face-down restraint), chemical restraint, etc., please give the number of patients who experienced restraint by one or more members of staff in both:

- a) adult inpatient mental health services
- b) CAMHS inpatient mental health services*

3. For the financial year 2023/24, and disaggregated by gender, ethnicity, and religion or belief, disability status, and sexual orientation and restraint type, i.e. prone restraint (also known as face-down restraint), chemical restraint, etc., please give the number of incidents of restraint experienced by patients in both:

- a) adult inpatient mental health services
- b) CAMHS inpatient mental health services*

*If your ICB does not provide in-patient CAMHS services please make this clear.
