

FOI 0429/2025 Response

Request

To whom it may concern,

Please provide me with the following information under the Freedom of Information Act.

How many inpatients with Dementia at your Trust in 2024 and 2025 were accompanied by a healthcare worker or another member of staff when they were sent for scans or tests, where a family member, guardian or other non-member of staff were not present. For context, this doesn't include porters, it refers to staff members who were there throughout the tests and scans, where a family member, guardian or other non-member of staff was not present. Can you please provide 2024 and 2025 as separate figures.

How many inpatients with Dementia at your Trust in 2024 and 2025 were not accompanied by anyone? For context, this means no family member or guardian were present, nor a healthcare worker or other NHS staff member. Again, porters don't apply here. Can you please provide 2024 and 2025 as separate figures.

Response

The Trust is unable to provide the requested information as we do not capture the data in a reportable way.

However, we can confirm that most of our in-patient appointments for scans etc, are normally supported by nursing staff.

Please note that on occasions family members / friends will also attend the appointment or will meet us at the appointment location.
